Section 2.9, Ratio of interlibrary loan lending to borrowing, 2008

**Ratio of ILL Lending/Borrowing**

All systems

- Florida A&M Univ.
- Univ. of West Florida
- Sam Houston State Univ.
- Appalachian State Univ.
- Tennessee State Univ.
- NC A&T
- UT-Knoxville
- UT-Martin
- Morgan State Univ.
- UA-Little Rock
- Univ. of North Florida
- Univ. of North Carolina
- UNC-Wilmington
- Louisiana Tech Univ.
- Austin Peay State Univ.
- Western Carolina State Univ.
- MTSU
- UT-Chattanooga

**Ratio of ILL Lending/Borrowing**

THEC Peers

- Florida A&M Univ.
- Univ. of West Florida
- Sam Houston State Univ.
- Appalachian State Univ.
- NC A&T
- Univ. of North Florida
- Louisiana Tech Univ.
- Western Carolina State Univ.
- MTSU
- UT-Chattanooga

The bars represent the ratio of interlibrary loan lending to borrowing for different systems, with the x-axis showing the university names and the y-axis showing the ratio values.
* Values above 1.00 indicate net lending; values below 1.0 indicate net borrowing
** UTC lends 16 titles for every 100 titles received through ILL

All figures are rounded to nearest whole number. Additional detail available upon request
